Restoration Checklist

Note: We have designed the following restoration checklist to help guide you through a detailed evaluation of your automobile. It will also provide us with a clearer idea of what kind of restoration work you may be requesting. Should you request a specific estimate from Motorworks Restorations, Inc. for a restoration, this checklist will become the primary tool we use for our initial diagnosis. Please keep in mind that any estimate based on this checklist is merely a "sight unseen" estimate and not a binding contract.

General Information

Owner _____
Address _____ Phone: _____
City/State/Zip _____ Email: _____
Year _____ Model _____
VIN # (Body) _____ (Chassis) _____
Color _____ Paint Condition (Excellent/Good/Fair/Poor) _____
